Anti-tear clothing in reinforced denim (1550)

*Especially for residents with **tear behaviour** we offer you an anti-tear material that looks like normal jeans, in which we make suits.*

Quality : reinforced denim.

The threads of this fabric are reinforced in the core by means of technical yarn with an enormous high tensile strength. The material is very strong, easy to maintain and comfortable.

Md 40042^{TS}

Suit in reinforced denim, without sleeves, short legs, zipper in the back, S-XXL.

Washing instructions for 1550 reinforced denim:

- 1. Washing* Wash separately at 40°C, with little detergent.
- 2. Rinse* DO NOT ADD FABRIC CONDITIONER.
- 3. Dry* Dry very briefly at low temperature in the dryer or hang to dry.

DON'T IRON!!!

Note: Wash 3 times before using to achieve the correct fit, colour and flexibility of the fabric.
