40380: Flame-retardant weighted shoulder pad Anne-Lore®

Weighted articles are used as a soothing aid for people who are subject to stress and anxiety related factors.

A weighted blanket soothes in the same way as a hug would do. Studies of the use of weighted articles have shown that for some patients they reduce the need for restraints and medication.

Md 40380/2^{TS}: Weighted shoulder pad
in qual. 1060 grey, 2 kg.

Aim:

- To reduce anxiety and stress
- To alleviate restlessness and irritability
- To improve concentration.

Please note:

- The combination of a weighted blanket and reduced lung capacity or weak muscles may pose a risk. In such cases, closely monitor the use of the blankets. Or consult a doctor if in doubt.
- Be aware of the risk of tripping if a weighted blanket has fallen on the floor.

Instructions for use:

Place the shoulder cushion on the shoulders with the padded sections facing downwards.

Quality: 1060, permanently flame-retardant, breathable fabric, high tear resistance

Filling: ceramic beads

The weighted products are made from a flame-retardant fabric.

As this weighted shoulder cushion is filled with ceramic beads, it can be pre-warmed or cooled before use.

Washing instructions for weighted blankets:

1. *Washing* Separate washing at 60°C gentle programme with little detergent in a washing bag.
2. *Rinse* DO NOT ADD FABRIC CONDITIONER.
3. *Dry* Dry very briefly at a low temperature in a laundry bag in the dryer or hang to dry.
Do not dry together with moisture-retaining textiles (such as cotton,...).
